I have found the Self-Confrontation Bible Study to be the most effective tool for spiritual growth in my own life and the lives of those who I have taken through the course. This is a discipleship program and also counseling program that is solidly based on the Word of God. For the person who would complete this course, they will take an in-depth look at their own spiritual life and if they allow this process to work, they will have victory over sin and live a more spiritually fulfilled life.

Charles Ilyes, Pastor
Midway Church of the Brethren

When I went through Self-Confrontation at my home church with several other Pastors and their wives, I was unbelievably blessed. It was one of the most uplifting and learning experiences that I have had. I cannot say enough about Self-Confrontation. If you want to be challenged to live a Godly life, then I would highly recommend taking this class with Cathy. Your church will be truly blessed.
